

Madrastul Abubacarr Siddiq,
Siffoe Village,
Kombo South District,
Western Region,
The Gambia,
West Africa.
13th February 2009.

Dear Beppe,

A LETTER OF APPRECIATION

The above named school wishes to thank you so much for the generous assistance that you have rendered. This assistance, which is in the form of furniture, is indeed timely and will go a long way in enhancing better, comfortable teaching and learning process.

The school is a community run one located at Siffoe Village, 45km away from the capital city. It was re-established in December, 2005. The structure was built in 1988 but has gone through several intermittent closures due to lack of funds. So, your wonderful assistance will help us in no small measures in realizing quality education for our children. It will also help facilitate the continuance of the school.

On behalf of the entire committee, staff, pupils and the community of Siffoe and indeed on my own behalf, wish to heartily thank you and pray that Almighty guide and bless you in all your endeavors. We are indeed proud of you and hope that this venture will continue.

Sincerely Yours

.....
Muhammad Janneh,
Secretary.
