THANKS AND APPRECIATION FOR THE DONATION

Dear madam/sir,

I write on behalf of both the teachers and members of the School management Committee thanking you and your organisation for the donation of furniture you made to our school. This is an old school built in 1960, both the infrastructure and furniture are old and inadequate compare to the school rolls. These have come in the right time, and we will use them wisely with care.

Thank you very much for your untiring services and we pray to be life partners of your organisation.

I THANK YOU

Yours Faithfully
Kemo Kanteh
